Matheson courses for continuing ed

In addition to the AOTA and BOC, Matheson is also pre-approved for select courses with these US organizations.

YOUR ORGANIZATION IS NOT ON THE LIST?

So many organizations give continuing education units (CEUs) that we cannot get preapproved for every one. If the one you're applying to is not on the list above, you can probably go to the continuing ed section of its website and find the necessary application. Each organization has different guidelines and required materials. Contact us, and we'll make sure you get the right materials.

Note: *If you apply on an individual basis, Matheson is not required to fill out your application for you, or to pay your fees. Also, our courses are in contact hours, not CEUs. Each organization calculates CEUs in its own way, so we can't tell you how many you will receive from an organization that is not on the list above.*
